

3M™ Hard Hat Conversion Program

Get a **FREE** set of 3M™ Hard Hat Scotchlite™ Reflective Striping* when you convert your workers to 3M hard hats.

Receive one set of three pieces of 3M™ Scotchlite™ Reflective Material for each hard hat purchased.

NOTE: The user will need to apply the 3M™ Scotchlite™ Reflective Material to the hard hat – it does not come pre-applied.

HOW IT WORKS

Hard Hat Conversion Program

- 1 | Contact your local 3M safety representative to confirm and process your request.
- 2 | User must order hard hats from a distributor.
- 3 | 3M will ship a set of three pieces of 3M™ Hard Hat Scotchlite™ Reflective Striping to the distributor or end user for each hard hat converted to 3M. User will need to apply the reflective material – it does not come pre-applied.

3M™ H-700 | H-800 Series Hard Hats

With engineering advancements in suspension design, a lightweight shell, an optional patented UV indicator and numerous customization options, the H-700 and H-800 help alleviate workers' frustrations with hard hats on the job. The H-700 and H-800 – innovations in comfort and protection you expect from 3M.

See all 3M Hard Hat options available at:
3M.com/workersafety

*A minimum purchase of 20 hard hats is required to receive free set of 3M™ Hard Hat Scotchlite™ Reflective Striping. You will receive one set of 3 pieces for each hard hat purchased.

3M™ Scotchlite™ Reflective Striping Kit for 3M™ H-700 and H-800 Hard Hats

Features and Benefits:

- 3M™ Scotchlite™ Reflective Material for enhanced visibility under low light conditions
- Easy application: The pressure-sensitive adhesive transfer system makes the product easy to use and is self-adhering.
- Approximately 12 square inches of total reflective material

When you apply Scotchlite reflective material to your workers' 3M Hard Hats, you're ensuring high visibility performance in low light to help workers be seen so they can function at their best.
